

Fabrication

Our primary workshop is a state-of-the-art fabrication facility that can undertake customised designs and fabrication as well as offsite repairs to all mobile and fixed plant equipment.

“When we need a fabrication job, Schlam is an easy choice. The quality of their workmanship is second to none.”

Ben Thomas
Director
Thomas Contracting

Capability

With the ability to handle weights of up to 100 tonne, 8.5m hook height and the latest in welding and machining technology, we have developed extensive skills and experience in the following industrial fabrications:

- Chutes and hoppers
- Heavy plate fabrications
- Piping systems
- Wear plate systems
- Surface and Underground Mobile plant component overhaul

Results delivery

By providing both maintenance as well as fabrication services, we're able to provide a one stop shop for fabrication solutions that have a genuine focus on safety and productivity
